

KND SEEDs Newsletter - January 2019

Denise Connolly - Site Coordinator 477-5355 ext. 2235 299-5211 denise@ecoseeds.org

Hello SEEDling Families,
Hope everyone had a relaxing and joyous holiday with lots of family and friends.

Here at SEEDS we have some very exciting changes happening.

Our group at SEEDS has grown by leaps and bounds. We will now be splitting into a younger and an older group. Kids in K through 2nd grade will meet with Miss Sara, those in grades 3rd through 5th will meet with me. Youngers will be using the former computer lab next to the library which has been transformed to create an inviting and fun space for the littles. They will be participating in the same academically supported activities and lessons, just in a different location.

The olders will experience some changes as well. Ski club has started up again and those in grades 4 and 5 have the opportunity to ski for free this year. Contact myself or Mrs. Magee for details.

January's Family event theme is

MATH!

Family Math Night

Wednesday January 30th
4 pm - 6 pm

Hope to see you there!

Aleana, Winter, Erika, and Tristan have a blast with Origami club.

SEEDS After School is made possible by a grant from the 21st Century Community Learning Centers, the Michigan Dept. of E.d., and from the generous support of our community.

Ecology

Ecology is an important topic for us right now. We at SEEDS believe that laying a solid foundation of responsible Earth stewardship is our most important work. This year we will again be working in the greenhouse for lessons dealing with composting and recycling, plant needs and health, and soil and water quality.

This month we will start seeds indoors and experiment with different types of light and the effects it has on plants. If you have a green thumb and would like to join us you are more than welcome to come on in.

Of course we always recycle. This year in addition to recycling plastic, paper, and food waste, we will also be collecting laser ink cartridges, markers, and lightbulbs.
