KND Elementary SEEDS After School Newsletter

September / October 2021

Welcome back to SEEDS

We are super excited to begin our 2021/2022 SEEDS year. We are busy making plans for kiddos to have a lot of active, outdoor fun. Those of you who have participated in SEEDS before know that we are big on helping kiddos connect with nature. We do this with natural observation, nature art projects, and nature learning games. We also spend time each day on Social Emotional Learning in order to encourage students to have a more positive outlook on themselves and others.

Spooky Science Night

SEEDS Afterschool will be hosting our first Family Night of the year on October 28th. We cordially invite families to our Halloween event we are calling Spooky Science Night. There will be Halloween themed science activities, games, crafts, and prizes. It will happen in the cafetorium from 3-6 pm. Everything is free. Hope to see you there.

LIGHTS ON AFTERSCHOOL

This is a national event sponsored by the Afterschool Alliance to highlight the important role afterschool programs play in students' lives. After school programming offers students opportunities to learn new things, discover new skills, develop confidence and cultivate healthy relationships. The events help send a powerful message that millions of students across the country are in need of quality afterschool programs. Lights On Afterschool will be celebrated in after school programs across the country on October 28th. Here at KND SEEDS we will celebrate by helping the kiddos create lightbulbs describing what they love about SEEDS. These we will use to decorate our hallway. We will also have a table at our Family Night with handouts, giveaways, and information for families.

For information about our program please reach out to Denise Connolly or Kate Zaleski.

Denise Connolly, KND SEEDS Site Coordinator 231-299-5211 denise@ecoseeds.org

Kate Zaleski katelyn@ecoseeds.org

SEEDS After School is made possible by a grant from the 21st Century Community Learning Centers, the Michigan Department of Education, and from generous support of our community.
