

Up close with a sturgeon

May 2, 2019

Above, from left, Avery Kiel, 8, Anna Martin, 10, Tylar Shepard, 11, and Benjamin Johnson, 8, inspect Bubbles Junior the sturgeon on Monday at Rapid City Elementary School in Rapid City. The elementary school's STEM program has hosted the sturgeon for 3 months and tracked its growth.

It will be released back into the wild next week. Right, a student holds Bubbles Junior the sturgeon on Monday.
